Claims 2-3 stand rejected under 35 USC 102(b) as being anticipated by Williams.

In response, Claims 2-3 have been cancelled and claims 6-12 are being submitted.

Claims 6 and 11 recite "valid samples belong to one or more video objects and non-valid samples do not". Support for this feature can be found on page 4, lines 10-12, of the present application.

In reviewing Williams, nowhere is it disclosed "valid samples belong to one or more video objects and non-valid samples do not".

Therefore, it is respectfully submitted that this feature is not anticipated by Williams.

In view of the above described distinctions, it is respectfully submitted that the invention of Claims 6-12 is not anticipated by Williams. Therefore, it is respectfully requested that above rejection be reconsidered so that the present application may proceed to issue.

The Commissioner is hereby authorized to credit any overpayment or charge any fee (except the issue fee) to Account No. 14-1270.

Respectfully submitted,
